DETAILED ACTION

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-10, drawn to "A Vibrating Magnetic Separator".

Group II, claim(s) 11-12, drawn to "A Process of Treating Silicon-containing solid material".

Group III, claim(s) 13, drawn to "A Process For the Manufacture of Chlorosilanes".

Group IV, claim(s) 14-17, drawn to "A Process For the Preparation of Chlorosilanes".

The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Groups II-IV are related to a varying processes all of which lack multiple special technical features as disclosed in Group I which pertains to a apparatus such as an electromagnet, a vibrator, and a pressure vessel. Moreover, Groups II-IV pertain to varying processes all of which lack one or more of the same or corresponding special technical features such as providing a fluid bed reactor, removing the magnetic portion of the silicon, charging the fluid bed reactor with comminuted silicon, or providing an alkyl chloride to the fluid bed reactor.

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.
